

JAMES R. HOFFA MEMORIAL SCHOLARSHIP FUND

Dear Brothers and Sisters:

This year marks the 100th anniversary of the International Brotherhood of Teamsters.

This anniversary will honor the working men and women of the Union who built the organization by actively participating in organizing, bargaining, and political action. We will look at the past century of Teamster activities as a celebration of worker organization and determination, as well as a challenge to Teamsters today to work equally as hard for the generations to come.

As part of the celebration of the Centennial Anniversary of our great Union, the IBT has developed an official centennial insignia. The use of the IBT centennial insignia has been licensed exclusively to two vendors who guarantee that the products are union-made in North America: American Products and Spartan Promotional Group, Inc.

American Products will be handling items like lapel pins, watches, embossed jackets and T-shirts, golf shirts, denim shirts, jeans, jerseys, clocks, coasters, key fobs, money clips, luggage tags, note paper boxes, pendants and identification holders.

Spartan Promotional Group will be handling other clothing items like hats, T-shirts, jackets, sweatshirts, vests and other outerwear.

Most importantly, every purchase of anniversary memorabilia also provides important dollars in support of the James R. Hoffa Memorial Scholarship Fund. Large quantity orders will be granted a price reduction.

Thank you for celebrating the Teamster Century with us and for supporting the Scholarship Fund.

Fraternally,
